SCHEDA TECNICA / TECHNICAL DATA SHEET / FICHE TECHNIQUE / FICHA TECNICA

GP2800

1500 rpm - 50 Hz
1800 rpm - 60 Hz
MTU

3^{ph}

Trifase
Three phase
Triphasé
Trifásico

Raffreddato ad acqua
Water cooled
Refroidi à eau
Refrigerado por agua

Motore Diesel
Engine Diesel
Moteur Diesel
Motor Diesel

GP2800 A/M

According to the following directives:

Machinery directive: 2006/42/EC
Low Voltage Directive: 2014/35/UE
CEM Directive: 2014/30/UE
Noise directive: 2000/14/EC
Ratings definitions according to ISO8528-1:2005
Reference conditions: Altitude: 100 m / Temperature: 30 °C / Relative humidity: 30%

Standards

Application, ratings and performance of generating set : ISO 8528 – 1 à 10
Application, ratings and performance of generating set : EN 12601

PRP - Prime Power: It is defined as being the maximum power which a generating set is capable of delivering continuously whilst supplying a variable electrical load when operated for an unlimited number of hours per year under the agreed operating conditions with the maintenance intervals and procedures being carried out as prescribed by the manufacturer. The permissible average power output over 24 h of operation shall not exceed 70 % of the prime power. A 10% overload capacity is available for a period of 1 hour within a 12-hour period of operation.

ESP – Emergency Standby Power: It is defined as the maximum power available during a variable electrical power sequence, under the stated operating condition, for which a generating set is capable of delivering in the event of a utility power outage or under test conditions for up to 200 hours of operation per year with the maintenance intervals and procedures being carried out as prescribed by the manufacturers.

Datas can experience variations up to ±5%

GP2800 A/M

GRUPPI APERTI

Telaio autoportante elettrosaldato in acciaio al carbonio UPN con serbatoio giornaliero integrato	Supporti antivibranti tra motore/alternatore e telaio di serie su tutti i gruppi elettrogeni
Verniciatura a liquido RAL 9005	Galleggiante tubolare facilmente estraibile
Tappo rifornimento serbatoio carburante da 2"	Marmitta industriale
Tappo di drenaggio serbatoio carburante sul telaio	Rete di protezione alette radiatore
Fori sul telaio per movimentazione gruppo	Quadro elettrico in posizione posteriore
Fori sul telaio per fissaggio al pavimento	

OPEN TYPE

Heavy-duty electro welded carbon steel frame UPN with integrated daily fuel tank	Antivibration mountings between engine/alternator and frame
Liquid Painting RAL 9005	Tubular float easily extractable
2" tank cap	Industrial silencer
Drainage tank cap under the frame	Fan radiator guards
Holes on the frame for hanging genset	Electric control panel located on the back side of the genset
Holes on the frame to fix the genset to the ground	

GROUPES OUVERTS

Châssis autoportant soude électriquement en acier au carbone UPN avec réservoir journalier intégré	Supports anti-vibrants entre moteur/alternateur y châssis standards sur tous les groupes électrogènes
Peinture liquide RAL 9005	Flotteur tubulaire facilement extractible
Bouchon de ravitaillement du réservoir du carburant de 2"	Silencieux de type industriel
Bouchon de drainage réservoir carburant sous le châssis	Filet de protection pour radiateur à ailettes
Trou sur le châssis pour movimentation du groupe	Panneau électrique monté en position postérieure sur le groupe électrogène
Trou sur les châssis pour fixation au sol	

GENERADORES ABIERTOS

Chasis electrosoldado en acero al carbono UPN con tanque integrado	Soporte antivibratorios entre motor/alternator y chasis
Pintura en liquido RAL 9005	Flotador tubular fácilmente extraíble
Tapón abastecimiento tanque de 2"	Silenciador industrial
Tapón de drenaje tanque bajo el chasis	Renilla de protección aletas radiador
Foros en el chasis para movimentación grupo	Cuadro eléctrico en posición posterior
Foro para fijación grupo al suelo	

Serbatoio incorporato nel basamento	Integrated fuel tank	Réservoir carburant intégré	Tanque incorporado en el basamento	600 L
Dimensioni (mm)	Dimensions (mm)	Dimensions (mm)	Dimensiones (mm)	6100x2200x2600
Peso (Kg)	Weight (Kg)	Poids (Kg)	Peso (Kg)	16500
